

Thank you for showing interest in our Model Railway Group

The 12AD Model Railway Group is a small collection of modellers with four 4mm scale model railway layouts that are available for exhibition invites:

- Eaglesham (Caledonian Railway, 1913) 20' x 2'
- Milton Street MPD (British Railways, early 60's) 14' x 2'3"
- Helenston (British Railways, 70's/80's) 12' x 2'
- Gallowmere (British Railways early 70's) 8'8" x 2'

Our layouts have their own lighting and carry a maximum load of 5 amps and require a minimum of 3 mains sockets

#### **Transportation/Travel Information**

We welcome invitations to exhibitions near and far, all of our layouts are designed to fit in a small van (Citreon Berlingo size) which we hire from Arnold Clark

Local exhibitions (40 mile radius of G75)

- The layouts are transported in a small van, with two operators and do not require overnight accommodation

Exhibitions further afield (over 40 miles radius of G75)

- The layouts can be transported in either a small van with support from a small car, we exhibit with 3 or 4 operators and would require overnight accommodation
- Alternatively, the layouts can be transported in a medium van (Ford Transit SWB) and 3 operators, again we would require overnight accommodation
